

I pay to have for an unlisted phone number, and I am a very busy person . I value my time with my family and I don't enjoy having stupid calls for services I'm not intrested in. I'm an adult and if I were interested in anything any of these people had to offer I know how to contact them. If you are so concerned take your names off the "DO NOT CALL" list and you chat with them instead of with your kids. One more thing if this is overturned , anyone that calls my home MUST show their phone number on my caller ID. That way I can call them back if need be ,or I could turn in the nasty, rude ones to their supervisors. Until they agree to that then they should leave me alone , or better yet they can pay my phone bill.They don't I do so therefore I should decide who I do and do not want to call on my phone.
